WORK EXPERIENCE

Dynamic Mavens Consultancy (DMC), Remote **March 2024 - Present**
Shopify Developer

- Customized and developed Shopify themes from scratch, tailoring UI/UX to client branding and business requirements.
- Built dynamic, reusable Liquid sections enabling merchants to manage content without developer involvement.
- Implemented responsive frontends using HTML5, CSS3, and JavaScript, ensuring seamless cross-device experiences.

EBIZON Digital Pvt Ltd, Dehradun **March 2022 - March 2024**
Analyst Programmer (Shopify)

- Developed and maintained responsive Shopify storefronts using HTML, CSS, JavaScript, and Liquid templating.
- Translated Figma and design mockups into pixel-perfect, fully functional Shopify pages.
- Conducted thorough cross-browser and cross-device compatibility testing, resolving UI inconsistencies.
- Managed Shopify data migration — products, collections, customer data — ensuring accuracy and reliability.

PROJECTS

Brewing Gadgets UAE & India

brewinggadgets.com/uae | brewinggadgets.in

- Built a multi-region Shopify store with custom Liquid sections and regional currency/language support
- Optimized storefront performance achieving faster page loads across mobile and desktop.

Mahina Period Panty

mahina.co

- Developed a fully customized Shopify theme with unique UI components tailored to brand identity
- Ensured 100% cross-device responsiveness and seamless checkout experience

Happy Bird / IHA Silvery / CTC Communications / Three One Coffee / Incubator Warehouse

happybird.nl | ihasilvery.com | ctccommunications.com.au | threeonecoffee.com | incubatorwarehouse.com

- Delivered multiple client Shopify stores with theme customization, app integration, and data migration.
- Maintained high code quality and on-time delivery across all international client projects.
- Enhanced UX through intuitive navigation improvements, page speed optimizations, and layout refinements.
- Coordinated with project management to define scope, align on deliverables, and ensure on-time delivery.
- Integrated and configured third-party Shopify apps (payments, reviews, upsell tools) to extend store functionality.
